Choice out: 131, 61

● Transfer In*
● Attending Neighborhood School*
*Students Enrolled in SY 2022-2023
○ Transfer Out (SAISD)
● Transfer Out (Non-SAISD)
BRIEF CRITERIA ANALYSIS

Barkley/Ruiz meets all three primary criteria, and is centrally located among several schools that fail to meet one or more criteria. The facility is in better condition than the two nearby schools that will be closed, Storm and Collins Garden. This recommendation will increase Barkley/Ruiz enrollment to a robust level. As the result, it is projected that there will be 578 students in grades PK-05 at Barkley/Ruiz.

BENEFITS OF RIGHTSIZING

Rightsizing will lead to increased enrollment and additional resources. How those resources are used will be decided by the school's principal, staff and Campus Advisory Council. Rightsizing decisions will lead to early childhood services in every elementary school, fewer split grade levels or teaching assignments, more courses or full-time specialty teachers (art, music, AVID, etc), increased staff collaboration, additional student services (mental health, social work, academic intervention, etc), more robust dual language programs, greater access to extracurriculars, and increases to campus budgets for positions like library services, Family and Community Engagement Specialists, and instructional coaches.

With Barkley/Ruiz receiving students from Storm and Collins Garden, more students and families will gain access to:

- A full-time CIS site coordinator;
- On-campus ESCE self-contained, SOLE, and ALE instruction for students in need of specialized programming; and
- Increased ESL resources and focused and intentional English language development services in one location for refugee/asylee students.
